ASI Board of Directors Meeting Minutes ~ 12/07/2021
ASI Expanded Staff Support and Engagement Pilot Program
In order to foster a productive, supportive, and engaging work environment, and in response to challenges presented by the ongoing global pandemic, ASI has developed a pilot program to expand support and engagement of staff.

This temporary pilot program continues the organization’s focus on the 2020-25 ASI Strategic Plan, specifically the goal of encouraging staff development. It will begin in the spring semester 2022 and be in place until June 30, 2022, at which time it will be assessed for effectiveness.

Employee Health and Wellness
An expanded health and wellness program will be offered by enhancing and adding to exiting programs. Some possible examples:
- Expand and communicate the Employee Assistance Program more effectively
- Develop strategies to practice mindfulness at work
- Offer ASI staff-only classes at the SRC and a walking program

Modified Work Schedule/Telecommuting Opportunities
Shifted or adjusted work schedules or telecommuting may be considered where such arrangements will maintain core business hours and continue to meet the needs of the organization.
- Adjusted arrival or departure time while still working the core hours of 9 am – 4 pm while meeting labor law requirements for number of hours worked per day, meal breaks, etc.
- Allowing compressed 9/80 work schedule (working 80 hours over 9 rather than 10 work days)
- Telecommuting one day every two weeks (This would require a pre-approved plan for the type of work the employee will perform, clear expectations and deliverables, and the expectation that employees are to be readily accessible during their telecommuting workday; ASI is not a multi-state employer; employees with flexible work locations shall reside within the state of California)
- Hybrid work schedule (a mixture of the above options) unique to the employee

Operational Support
To ensure ASI employees are provided every opportunity to be successful in their job, ASI will make adjustments and improvements to the employee work experience. Some possible examples:
- Increased training for supervisors/managers on effective employee engagement and development
- Advancing a new employee’s first two days of sick time accrual
- Evaluating and improving physical work space aspects like ergonomics, lighting, and temperature

Organizational Communication
Strengthened communication efforts will be launched to transparently share updates and information about ASI and the university and solicit feedback from staff. Some possible examples:
- Continue to expand and improve organizational communication by including messages of motivation and accomplishment
- Expand staff recognition opportunities from ASI leadership, department directors, and area managers, including highlighting staff accomplishments
- Coffee Breaks with ASI senior management, including Dave, Keya, and Carol

Staff Encouragement and Activities
Additional creative, fun, and engaging activities will be provided for staff to participate, including recreating the Fun Committee into a Team Building Committee that will include employees in staff development, provide peer-driven expertise sharing, and create other fun activities. Some examples:
- Encourage genuine breaks and lunches away from desks/offices
- Providing small office plants or other motivational office items

**What do you believe is the role of ASI on our campus and how does that role relate to this position?**

Through leadership, volunteerism, and a passion for helping others, ASI helps students be connected better to their community, peers, professors, and most importantly, their school as a whole. This role is essential to the growth of community and feeling of belongingness that is lacking in many college campuses. By helping with the creation of policy for ASI, authorizing all funding allocations to programs and services, and fighting for student interests on committees and boards, the position of Board of Director is critical in helping to better bridge that relationship.

**Tell us about any relevant past involvement or work experience that you have and how it will help you as a Director for your college.**

My current title is a Senior Recreation Leader for the City of La Mirada. In this position I have many relevant duties that include, but are not limited to, event planning, budgeting for programming and special events, recreation programming, and leading other employees to reach success. I have developed leadership skills that allow me to take on new projects head on with confidence and composure. I am certain that I possess the skills and disposition necessary to be an asset to ASI, whose own mission mirrors my personal values and wants.

**Why are you applying to the ASI Board of Directors? What do you hope to accomplish and/or get out of the experience?**

I am applying for this position to further my involvement on campus. I am very passionate about my field, and being a part of a community that emphasizes the value of inclusivity and growth is especially important to me. I would like to contribute to the formation and establishment of a strong community of students seeking to grow as professionals on campus.

**Please state any other information that you believe should be considered in this application.**

I have a sincere desire to take the next step in further developing and entering a role that will allow me to apply my new and previous knowledge in community building. This work is in alignment with my future career goals and ambitions. I am very eager, if given the opportunity, to take on this role and partner with other students who similarly seek excellence and growth on campus!

Lobby Corps had their last event and commission meeting for the Fall semester this past Thursday. It was a game night where we shared information about the CA Higher Education Student Summit application, CSSA, ASI, and about the commission.

In the month of August, I was asked to be featured in a podcast for the California State University Chancellor’s Office, Higher Ed Rewired. The specific episode deals with the experiences of students during the pandemic in regards to mental health services. You can check it out wherever you listen to podcasts to or check out the CSU’s website here.

As always, if you have any questions, please email me at asicgo@fullerton.edu or visit me in my office!
