**California Education Code Section 89906**

No member of the governing board of an auxiliary organization shall be financially interested in any contract or other transaction entered into by the board of which he is a member, and any contract or transaction entered into in violation of this section is void.

**California Education Code Section 89907**

No contract or other transaction entered into by the governing board of an auxiliary organization is void under the provisions of Section 89906, nor shall any member of such board be disqualified or deemed guilty of misconduct in office under said provisions, if the circumstances specified in the following subdivisions exist:

(a) The fact of such financial interest is disclosed or known to the governing board and noted in the minutes, and the governing board thereafter authorizes, approves, or ratifies the contract or transaction in good faith by a vote sufficient for the purpose without counting the vote or votes of such financially interested member or members, and

(b) The contract or transaction is just and reasonable as to the auxiliary organization at the time it is authorized or approved.

**California Education Code Section 89908**

The provisions of Section 89907 shall not be applicable if the circumstances specified in any of the following subdivisions exist:

(a) The contract or transaction is between an auxiliary organization and a member of the governing board of that auxiliary organization.

(b) The contract or transaction is between an auxiliary organization and a partnership or unincorporated association of which any member of the governing board of that auxiliary organization is a partner or in which he is the owner or holder, directly or indirectly, of a proprietorship interest.

(c) The contract or transaction is between an auxiliary organization and a corporation in which any member of the governing board of that auxiliary organization is the owner or holder, directly or indirectly, of 5 percent or more of the outstanding common stock.

(d) A member of the governing board of an auxiliary organization is interested in a contract or transaction within the meaning of Section 89906, and without first disclosing such interest to the governing board at a public meeting of the board, influences or attempts to influence another member or members of the board to enter into the contract or transaction.

**California Education Code Section 89909**

It is unlawful for any person to utilize any information, not a matter of public record, which is received by him by reason of his membership on the governing board of an auxiliary organization, for personal pecuniary gain, regardless of whether he is or is not a member of the governing board at the time such gain is realized.

**California Corporations Code Section 5230**
Any duties and liabilities set forth in this article shall apply without regard to whether a director is compensated by the corporation.

**California Corporations Code Section 5231**

(a) A director shall perform the duties of a director, including duties as a member of any committee of the board upon which the director may serve, in good faith, in a manner that director believes to be in the best interests of the corporation and with such care, including reasonable inquiry, as an ordinarily prudent person in a like position would use under similar circumstances.

(b) In performing the duties of a director, a director shall be entitled to rely on information, opinions, reports or statements, including financial statements and other financial data, in each case prepared or presented by:

(1) One or more officers or employees of the corporation whom the director believes to be reliable and competent in the matters presented;

(2) Counsel, independent accountants or other persons as to matters which the director believes to be within that person's professional or expert competence; or

(3) A committee upon which the director does not serve that is composed exclusively of any or any combination of directors, persons described in paragraph (1), or persons described in paragraph (2), as to matters within the committee's designated authority, which committee the director believes to merit confidence, so long as, in any case, the director acts in good faith, after reasonable inquiry when the need therefor is indicated by the circumstances and without knowledge that would cause that reliance to be unwarranted.

**California Corporations Code Section 5233**

(a) Except as provided in subdivision (b), for the purpose of this section, a self-dealing transaction means a transaction to which the corporation is a party and in which one or more of its directors has a material financial interest and which does not meet the requirements of paragraph (1), (2), or (3) of subdivision (d). Such a director is an “interested director” for the purpose of this section.

(b) The provisions of this section do not apply to any of the following:

(1) An action of the board fixing the compensation of a director as a director or officer of the corporation.

(2) A transaction which is part of a public or charitable program of the corporation if it: (i) is approved or authorized by the corporation in good faith and without unjustified favoritism; and (ii) results in a benefit to one or more directors or their families because they are in the class of persons intended to be benefited by the public or charitable program.

(3) A transaction, of which the interested director or directors have no actual knowledge, and which does not exceed the lesser of 1 percent of the gross receipts of the corporation for the preceding fiscal year or one hundred thousand dollars ($100,000).

Whoa!

Why Me?

Oh that’s the question of the century! Let me answer it for you!
I can be the candidate for you!

Experience

I have 3 years of working within a team alongside Student Representatives at CSUF and know the ways of Robert’s Rules. I have over 2 years of advocating for students!

Ethical

My main focus is to make sure I accurately represent COTA and students, that’s my job as a BOD and only the students and their wants/needs will ever influence my vote!

Dedicated & Flexible

While I may be a full time student, outside of that I truly don’t have too much on my plate and should anything need my attention or presence, I will not hesitate to be there.
What Do I Want To Do?

1. **Housing Parking**
   - Continue my advocating for affordable and accommodations for housing students

2. **SWANA & BIPOC Students**
   - Continue the work for Swana Center, MSI, Guardian Scholars and more for accurate funding, representation, and advocating work.

3. **Closer Relationships**
   - Let’s bridge the gap between programming, student gov, execs, and Directors to make some programming and changes for our students!

4. **Connect Students**
   - Market the resources we offer students, get students opinions if they’re ones with experience or expertise in relevant policy or advocacy work.

5. **Support**
   - I want to be a support system to all directors, as I have experience in this role, I believe I can ease the transition and aid wherever needed!

6. **More BOD Bonding**
   - Can’t be a great team without knowing all the players! I’d like to create programming or opportunities where we get closer and build a close knit so we can work together better!
Thanks!

“You can catch a man a fish and feed him for a day, teach him to fish and you feed him for life. This board is capable of catching fish for an entire village, let alone the world when we put our heads together”

Michael Butorac has had a lifelong passion for art and finding ways to make everyone feel apart of the picture.

I’m a firm believer that we can move mountains long before we even get a college degree. It is in linking our community to resources, adapting our organization to meet the needs of those we represent, and connecting students to one another that we bring out our best selves.

As vice chair, I will be there to support the Chair in the same way I will support you—emphasizing the importance of your experience, but never losing sight of the idea that there is always more to be learned.
