      The Committee will consider a resolution to approve a 3% increase for the Children's Center fees for 2022-23.
A motion was made and seconded to approve a 3% increase for the Children’s Center fees for 2022-23.

Sanchez yielded to Lydia Palacios, Children’s Center Director to review the resolution and fee analysis.

The report is an attachment to the agenda.

Palacios shared that they would have to increase fees from student parents to cover the rising costs of everything they need because they provide everything to their children at the center including their food costs.

Sanchez yielded to Allen to add additional information.

Allen stated they were on track to have a steady fee increase annually but COVID disrupted their plans.

Allen said they planned to gradually increase prices, but did not expect prices to rise at the rate that they have been recently with inflation.

Allen said this proposed increase would catch them up to speed on the cost increase they planned to stay above these costs.

Sanchez opened the floor to questions.

Samek asked why the weekly amount changed to 42 hours.

Palacios responded that they require a minimum of 9 hours a week, but have a flexible policy for hours of care and added that a weekly fee applies at 42 hours, but they are welcome to come more.

Palacios added the 42-hour amount was decided since that is the actual weekly average of child care they provide per child.

Baldacci said when looking at the change in price for a weekly fee, the change is not 3% but closer to 25%.

Palacios mentioned the 3% addition to the hourly rate would not be charged to families that are low income/subsidized.

Baldacci added the increase of the total is 25%, not the 3% that is being requested, said that 3% is very understandable, but 25% is not.

Palacios explained the weekly amount change reflects a 3% hourly increase and an increase of hours to qualify for a weekly rate. She referenced the chart and shared the current rate was based on a weekly amount of 36 hours, not the actual average which is 42 hours.
Baldacci recommended Palacios have a plan in place for how she plans to justify the increase to the Board of Directors for final approval.

Palacios said that everyone isn't going 42 hours they won't need to pay the higher fee, and most students will be able to have their children attend for under 42 hours.

Allen asked on average what is being seen regarding hourly attendance rates.

Palacios explained the previous average was low and some people would receive 20+ hours of free child care because they've met the previous weekly minimum. Palacios also noted that most parents are utilizing 26 hours of care right now.

Sanchez opened the floor to discussion.

Baldacci inquired if they could change the hourly rate at a later time since the change to the weekly payment total is so large.

Palacios stated they would not want to change their rates during the next semester since the rates stay locked for a year.

San Gabriel asked when the change would come into effect.

Palacios responded these changes would go into effect July 1, 2022 at the beginning of the fiscal year.

Allen said Palacios would typically sit down with the families and discuss these changes.

Allen said they have to keep up their quality of care and that their rates are still typically lower than the surrounding communities.

Sanchez asked if there were any objections to moving towards a roll call vote. There were no objections.

**Decision:** CCAC 002 21/22 (Aquino-m/Kelly-s) Roll Call Vote: 3/2/1 The motion to approve a 3% increase for the Children’s Center fees for 2022-23 has been adopted.
