**EJC 006 21/22 (Ochoa-m/Chammas-s) A motion was made and seconded to consider Elections Complaint #5 as a violation.**

Cordon yielded to Nettles to review the complaint.

Cordon called the complainant to speak.

David Velasquez shared.

- Velasquez's fliers were taken down and ripped off the board.
- The team invested money and effort into these fliers and this was disrespectful and wanted to bring it to the council.

Nettles reviewed the complaint.

- Since no candidate, team or individual is identified there is no one to file a complaint against.
- The EJC Team does not have enough to warrant a violation.
- Nettles confirmed the implication of disrespect and made note of it.

Cordon opened the floor to questions.

Dawson and Chammas asked for the location of the complaints.

Nettles confirmed where the information would be located.

Chammas and Dawson located the complaint information.

Cordon opened the floor to discussion. There were no points of discussion.

Cordon asked if there were any objections to moving to a roll call vote. There were no objections.

**Decision:**  
**EJC 006 21/22 (Ochoa-m/Chammas-s) Roll Call Vote 0-5-0**  
The motion to approve Elections Complaint #5 as a violation was lost.

b. **Action: Elections Complaint #6 (Cordon)**  
The EJC will consider Elections Complaint #6.

**EJC 007 21/22 (Ochoa-m/Chammas-s) A motion was made and seconded to consider Elections Complaint #6 as a violation.**

Cordon invited the complainant to speak about the violation.

Due to the complainant not being present to speak on the complaint, the complaint will be dismissed.
Cordon asked if there are any objections to dismissing the complaint by unanimous consent. There were no objections.

**Decision:** EJC 007 21/22 (Ochoa-m/Chammas-s) The Elections Complaint #6 has been dismissed.

c. **Action:** Elections Complaints #7 and #8 (Cordon)
The EJC will consider Elections Complaints #7 and #8.

**EJC 008 21/22 (Chammas-m/Betancourt-s)** A motion was made and seconded to consider Elections Complaint #7 and #8 as a violation.

Cordon invited the complainant to speak about the violation.

Marcos Zelada-Rodas, representing Ryan Lynch, spoke to complaint #7.

- Shared that while campaigning the candidate team, Kelley and Mikaelian used ASI Facilities, Funds, and Materials for their campaign.
- Specified the policy rule that was violated.
- Shared the ways that ASI Materials were used.
- Zelada-Rodas indicated that other students came and told him that they assumed ASI was promoting the candidates.

Cordon yielded to the second complainant regarding the same complaint.

David Velasquez spoke to complaint #8.

- Velasquez said the photo was sent to him anonymously from a student and although he did see them under the tent, he didn't take the picture himself.
- Velasquez said this can be interpreted as ASI endorsing the candidates.
- Velasquez shared how this can be detrimental to ASI as a non-profit.

Cordon yielded to the first respondent.

Mikaelian, Vice President candidate, spoke to the complaint.

- After practice, he and other party members came to the area and asked Tina a Programing representative if they can be under the tent and received a verbal confirmation that it was okay.
- Candidate Kelley also asked again and received additional confirmation that they can use the tent and won't be penalized or break any rules.
- Mikaelian said they were not actively campaigning but did set their fliers down and spoke to people if they came by.
- He then said they were approached by a candidate from a different party, informed it may be unfair to be there, and relocated
immediately after the interaction.

- They did not know the tent was not for everyone and that they were in violation of being under the tent.
- Stated they were under the tent for less than 5 minutes.

Cordon yielded to the second respondent.

Kelley, President candidate, spoke to the complaint.

- Reiterated that she did ask if this was okay because she did not want to receive a violation.
- Stated they were also asked by Tina in Programming to make sure random students were not coming to use the tent.
- Reiterated that they were there for no longer than 5 minutes and had one student come by.
- She shared that Zalada-Rodas respectfully informed them that this may be a violation. They immediately left the area and begin to campaign down Titan Walk.
- Since it was for less than 5 minutes they do not believe it had a significant impact on the Elections process.

Cordon yielded to the second respondent.

Maysom Auadalla spoke to the complaint.

- She wanted to correct a statement made in the complaint, the candy was not paid for by ASI but by her, and they were not using ASI materials.

Cordon yielded to Nettles to review the complaint.

Nettles reviewed the complaint.

- This is in policy and we are seeing these two items together because they were the same photo being used for the same complaint.
- Each class of violation falls in one of three classes depending on how extensive the impact was, whether minimally, moderately, or extensively. She informed the Committee that they would need to determine the class and extent of any violation.

Cordon opened the floor to questions.

Beisner asked if they can consider any part of the code that was possibly violated or only the parts addressed by the complainants.
Nettles said it is their discretion for determining penalties, but it is their responsibility to weigh the complaint against the whole elections code and policy.

Cordon opened the floor to discussion.

Betancourt said that after reviewing the policy he feels it would violate but not under class A.

Betancourt also feels it raises red flags that this photo has been shared between the candidate teams, yet he did not see the photo circulated via the social media threads for campus elections which he was monitoring closely.

Chammas said the candidates are on their phone kind of hanging out and does not feel it is a class A violation because they are not actively campaigning.

Dawson said that candidates have access to the code and should have used their due diligence to know the policy and not rely on the information of someone who does not have expertise on the elections code.

Dawson said they are using the facilities whether or not they intended to violate the rules; their negligence doesn't constitute them to be absolved. She does not, however, feel that it is a class A or class B violation.

Nettles said that every year they encourage candidates not to get information or clarification from anyone but through the formal information request process.

Nettles shared the campaign notice provided to all candidates.

Ochoa agrees with Dawson that this is more of a class C violation.

Chammas would also agree that it is more of a class C violation since they're not actively campaigning while under the tent.

Cordon also feels this is a class C violation due to the level of engagement that she sees.

Cordon does agree there is a violation here that the remaining members are forming a consensus around.

Cordon called for an amendment to the motion.

Chammas made a motion to amend her original motion to change the complaint from a class A or B violation to class C. Betancourt accepted the amendment to the motion. Cordon asked if there were any objections to moving to a roll call vote. Beisner requested clarification on what is being
voted on. Nettles confirmed the Committee is voting on the amendment to change the violation from Class A or B to Class C. Cordon asked if there were any objections to moving to a roll call vote. There were no objections. **The motion to amend EJC 008 21/22 to change the complaint violation from a Class A or B to a Class C was adopted with a 5-0-0 roll call vote.**

Cordon asked if there were any objections to moving to a roll call vote on the amended motion. There were no objections.

**Decision:** EJC 008 21/22 (Chammas-m/Betancourt-s) Roll Call Vote 5-0-0. The motion to approve Elections Complaint #7 and #8 as a Class C Violation was adopted.

d. **Action: Elections Complaints #9 and #10 (Cordon)**
The EJC will consider Elections Complaints #9 and #10.

**EJC 009 21/22 (Betancourt-m/Ochoa-s)** A motion was made and seconded to consider Elections Complaint #9 and #10 as a violation.

Cordon invited the complainant to speak to the complaint.

Velasquez reviewed the following:

- Shared that candidate team Kelley and Mikaelian posting fliers in the parking structure is a violation and shared where in the code the violation is stated.
- Velasquez said he found the poster on the 4th floor.

Cordon yielded to the first respondent.

Kelley spoke to the complaint.

- There is no evidence that this is on the 4th floor of the parking structure.
- Since these are fliers they do not need a stamp and although no members of the campaign posted them, it is no guarantee that this was not posted by a student.
- Stated that last Friday's EJC Meeting when a similar complaint was filed they took down the flier before 10:00 am the same day.

Cordon yielded the floor to Nettles to review the complaint.

Nettles feels the Committee has everything they need for this complaint.

Cordon opened the floor to discussion.
Chammas said that students can put the posters or fliers anywhere and has seen fliers moved to different places like this, and since the complainant did not see anyone post it they don't have sufficient evidence.

Betancourt said that based on his information he does not believe that this was posted on the fourth floor.

Cordon also does not believe it is on the 4th floor based on how often they use the structure and the familiarity they have with it.

Ochoa said she also noticed similarities in the complaint last week and does not believe this is in the location it was reported.

Dawson said they should consider filing a formal complaint about the filing of frivolous complainants for candidate Velasquez due to the inaccurate, malicious, or bad faith accusations if this is in fact the same photo and complaint.

Cordon agrees with Dawson, to consider the violation for the complainant, not the respondent.

Betancourt also agrees with Dawson.

Nettles reminded the Committee that they are responsible for considering the motion on the floor regarding the complaint. She informed them that the complaint form is closed and no additional complaints can be heard at this time.

Cordon asked if there were any objections to moving to a roll call vote on the motion. There were no objections.

**Decision:** EJC 009 21/22 (Betancourt-m/Ochoa-s) Roll Call Vote 0-5-0. The motion to approve Elections Complaint #9 and #10 as a violation was lost.

The meeting was extended to 10:15 am by unanimous consent.

e. **Action:** Elections Complaint #11 (Cordon)
The EJC will consider Elections Complaint #11.

**EJC 010 21/22 (Ochoa-m/Betancourt-s) A motion was made and seconded to consider Elections Complaint #11 as a violation.**

Cordon invited the complainant to speak about the violation.

Velasquez spoke to the complaint.

- A flier was posted in an area that says that items should not be posted according to the posting guidelines.
- He indicated that he found several around campus and on Titan Walk.
Cordon yielded to the first respondent.

Kelley spoke to the complaint.

- Kelley stated that when she went to get the items printed that she was told that she was able to hang them on the pole.
- Kelley feels there was a miscommunication on that part and was told where she could post it was okay.
- Kelley does not feel it is fair to be told one thing and for the bylaws to say something different.

Cordon yielded to Nettles to review the complaint.

Nettles reviewed the complaint.

- Nettles shared that information was offered at the first EJC meeting and a portal is available to request information.
- Nettles shared that multiple messages were sent out urging candidates to get information from the portal and not from individuals who are not a part of the Elections Team.
- Nettles shared additional information from the campus website outlining the approved locations for posting.
- Nettles said the prohibited posting locations are available on the same website where candidates can see the bylaws.
- Nettles redirected the room to the complaint at hand which was a flier posted on a pole on Titan Walk.

Chammas confirmed whether or not anything can be posted in TSU.

Betancourt shared that although it is unfortunate that Student Life and Leadership (SLL) provided incorrect information verbally, on the SLL website the rules clearly state that posting on light polls is prohibited.

Dawson agrees that a violation took place, but also feels that this is frivolous.

Ochoa confirmed that the information is available and that they should be referencing the policy.

Chammas agreed that policy should be followed and agrees this is a Class C violation.

Cordon also agreed that this was a violation and shared agreement and information on why. Cordon also shared disappointment with the contradictory information provided by SLL and said this will be taken into consideration next Election Season.

Nettles clarified that for the TSU, information can only be posted in the plexiglass holders in the hallway by the Amazon Lockers.
Cordon opened the floor to discussion. There were no points of discussion.

Cordon asked if there were any objections to moving to a roll call vote. There were no objections.

**Decision:** EJC 010 21/22 (Chammas-m/Betancourt-s) Roll Call Vote 5-0-0. The motion to approve Elections Complaint #11 as a violation was adopted.

10. **Announcements/Member's Privilege**
Dawson does not feel that it shouldn't be glossed over that candidates are submitting faulty complaints and reiterated that she would like to notate a complaint.

Nettles said a formal complaint would have to be submitted.

Chammas asked if the complaint form is closed.

Cordon confirmed that it has been closed since 9:00 am on Wednesday.

Cordon thanked all the members for their assistance with the Elections process and all the candidates for running.

11. **Adjournment (Cordon)**
Cordon adjourned the meeting at 10:07 a.m.

* Complaint Description—Please include a detailed summary of your complaint including: Who you believe committed the violation, what act(s) you believe were committed that were in violation, where you believe the act(s) were committed, when you believe the act(s) were committed, and why you believe this is a violation. Please include specific names, dates, times, locations, etc. It is also recommended that you indicate the area(s) of the ASI Bylaws that have been violated.

Who I believe committed the violation: I’m not quite sure, there’s no evidence proving a specific individual committed the violation, but this should not be happening as it breaks a policy outlined in the ASI Policy Regarding Elections

What act I believe was committed: Repeatedly destroying or removing posters or flyers from their places. I put up about 6-7 flyers from our campaign last week. When I checked back today, most of them were taken down and one of which was still up on the walls except it was ripped in half. I’m not quite sure who did this therefore I’m not sure how far this complaint can go but this is extremely disrespectful to everyone working within our campaign as we spend not only money on these flyers, but also spend our time putting them up on the bulletin board and getting them approved by Student Life & Leadership. I said repeatedly because whoever did this took down not just one flyer but several of them.

Where I believe the act was committed: The bulletin board outside of the TSU on the East side of the building (in the direction of the front doors).

When I believe the act was committed: Sometime this week, whether it be yesterday or two days ago but I didn’t notice until today. I had noticed sometime in the afternoon around 2 or 3pm on 3/3/2022. Ever since then, we have put up more flyers but we still feel extremely disrespected.

Why I believe this is a violation: ASI Policy Regarding Elections, #10. Violations, b. Class B (Major) Violations, “Repeatedly destroying, defacing, covering, moving or removing from their places, posters, signs, banners, leaflets, or flyers representing student organizations and/or University departments in connection to the election.”

* Date that the Violation Occurred:

2022-03-03

Candidates Lydia Kelley and Chris Mikaelian posted unauthorized posters all over campus. Including poles and damaging soil by inserting stakes into the ground with posters attached. There's no authorized stamp. Their unauthorized posters and unauthorized locations are a direct violation of policy and severely affect the outcome of the election.

Posters were put up by the candidates and on behalf of the candidates by others on 03/08/2022 the first day of the election. They posters were on Titan walk near the TSU and in the ground by the library.

ASI candidates Lydia Kelley & Chris Mikaelian. As well as candidate Mark Zavalkov. Used ASI resources, equipment, and space reserved for ASI use to gather votes. These candidates purposefully used the ASI logo to misrepresent who they were and get an unfair advantage in the election. The student candidates looked like ASI individuals using the official ASI tent and logo for their campaign. These resources are not open to all students / candidates and make it look like ASI was supporting them. They used the entire space and were handing out materials.

This occurred by TSU under the official ASI tent being used to promote a concert.

All the above mentioned candidates violated
Class A violation:
Using CSU Fullerton or ASI authority, facilities, funds, or resources that are not open to all students for campaign purposes to an extent which extensively affects the outcome or integrity of the election

Where I believe the act was committed: I believe the act was committed during the Farmer's Market in front of the TSU

When I believe the act was committed: Did not check the time but sometime in the afternoon

Why I believe this is a violation: Lydia was using ASI materials and standing behind an ASI tent to campaign. It is clearly shown in the picture that she has multiple stickers, flyers, and campaign flyers on the table to get more votes. This happened during a time of high traffic in that particular area of the campus. Therefore, I believe that this constitutes at least a Class B violation.

Why I believe this was a violation: Even if the flyer was posted in its correct designated place, the candidate(s) violated the ASI policy regarding elections due to there being no stamp of approval by Student Life & Leadership. I believe this is well within the scope of a Class C Violation because other candidates (such as myself) took the time and effort to stamp every single one of our flyers in case something like this were to happen.

Where I believe the act was committed: Titanwalk

When I believe the act was violated: Today (3/9) All Day

Why I believe this is a violation: Although it has the stamp of approval by Student Life & Leadership, I realized after speaking to SLL that the only places on campus that are allowed to be used to put up flyers are the following locations:
- The bulletin board outside the TSU
- The hallway going towards the TSU Patio inside the building on the south side of the building
- The bulletin board in the Visual Arts department
- Any bulletin board available on the bottom floor of parking structures

SLL stated this to me directly. This is a violation because it was not posted in the listed areas.
