REPORT:

DIRECTOR OF ADMINISTRATION

McDoniel informed the committee that the Special Projects Coordinator first day would be November 02, 2018. McDoniel stated that the Board of Directors eligibility discussion item would be on November 8th meeting as an action item.

Bylaw edits regarding elections would be on the Governance agenda after Thanksgiving break.

McDoniel encouraged the committee not to have discussion regarding agenda items outside the meeting time. All discussion should happen at the meetings. McDoniel stated that discussion outside of the Governance Committee is going outside the law.

GOVERNANCE CHAIR

Linares stated that she had met with Scott Martin, Associate Director, Marketing, Communication & Design and Jeff Fehrn, Associate Director, Titan Student Union regarding the Board of Directors display case.

a. Action: A Resolution Recognizing Framroze Virjee

Governance 18/19 004 (M) Rodriguez (S) Sherman moved to approved to approve the Resolution Recognizing Framroze Virjee.

Linares yielded to Tristan Torres and John Good to discuss the resolution and answer any questions.

Good stated that the resolution was created to highlight and acknowledge Framroze Virjee accomplishments as an Interim President for California State University Fullerton. Good stated that the resolution highlights Framroze as an eligible candidate.

Good explained the process to becoming University President. Below are the steps:

- Faculty
- Department chair
- Dean of College
- Provost
- University President

Good explained that Virjee took an untraditional route, which may be a disadvantage due to the lack of experience.

Rodriguez, what exact role does he have over faculty?

Good stated that the University President responds towards faculty.

Torres stated that he would appreciate a University President who is visible and accessible.

Mumford, why did you include a ribbon cutting statements? How much work did he do?

Torres stated that the ribbon cutting event was for a previous event before taking the position as Interim President.

Torres stated that Virjee did a lot of collaboration with Pollock.

McDoniel advised the committee to review the resolution and do any edits needed. As a committee you can decide if the resolution is not ready to be presented to the Board of Directors meeting.

Linares encouraged the committee to have discussion. Sherman stated, the resolution was similar to President Garcia’s resolution.

Torres stated there were a few footnotes that need to be added.

The committee determined that the ribbon cutting clause was not needed because it did not reflect any work.

Governance 18/19 004 Amendment #1
(M) Sherman (S) Rodriguez move to strike the ribbon cutting resolved.
Rodriguez, why is the resolved stated as the future. Below is the resolved discussed:

RESOLVED, that ASI acknowledges that President Virjee has demonstrated the necessary accomplishments and skills to successfully lead California State University, Fullerton in the future, and let it be finally,

Torres clarified that the intention of the resolved was regarding what they would like to see in the future from the University President.

Sherman, how will the resolution be distributed? Will it be presented to the presidential committee?

Torres stated that the resolution would be distributed to the Board of Trustees which is the search committee.

**Governance 18/19 004 Amendment #2**

(M) Mumford (S) Muhamuni moved to add the following resolved

RESOLVED, ASI Board of Directors urges the CSU Board of Trustees to appoint a president that is visible, accessible and student focused to lead California State University Fullerton, and therefore let it be

The committee moved into discussion regarding the added resolved.

Good stated that the resolved makes a great addition to the resolution.

The committee moved into a roll call.

**Governance 18/19 004 motion passed.**

b. **Discussion: Board of Directors and Executive Officers Eligibility**

Linares invited Maisune Abu-Elhaija to speak about student success barriers.

Abu-Elhaija stated that the articles sent out to the committee explained how the GPA factors into student success.

Abu-Elhaija stated that the articles highlight the students GPA increasing after being involved.

Linares invited Drew Wiley, Director, Leader & Program Development to discuss how many students were rejected due to GPA. Wiley stated that no more than five students have been impacted by GPA eligibility.

Sherman, would the GPA be changed across all positions?

Wiley stated that GPA requirement is different on a few positions. Camp Titan, Street Team, student at large and commissions do not have a specific GPA eligibility due to not receiving a financial award.

Abu-Elhaija stated that each college average GPA is different due to their requirement. For example, the college of Education probation is 3.0 overall.
Muhamuni expressed his support towards lowering the GPA requirement.

Torres stated that a good leader is not determined by their GPA.

Sherman asked the purpose of GPA being 2.5.

McDoniel informed the committee that if students struggled and held an ASI position it would result to higher stress. The 2.5 GPA requirement gives students a semester to get their GPA higher. If the GPA requirement changes to 2.0 and the student fall below one semester that would result to the position being vacant.

Abu-Elhaija stated that the safety cushion is too big. She recommended for it to be lower. Abu-Elhaija stated a community that is not meeting GPA requirements are Hispanic males. Abu-Elhaija stated that ASI needs to be more academically supportive. Lowering the GPA would encourage more students to apply for a position.

Sherman stated that a 2.0 would be too low for ASI. Sherman requested more information regarding GPA eligibility before making discussion into action.

Torres recommended committee to get creative with the GPA requirements. Mumford suggested for the GPA to be 2.3 instead of 2.0.

Discussion ensued.
