Kurtz yielded to Thai.

Thai, are there restrictions on ratings for videogames?

Kirsten, TBB offers all mature levels for video games.
Kurtz yielded to Hesgard.

Hesgard, can you elaborate on grocery bingo.

Stava, it is a very successful grocery bingo game that occurs monthly. The grand prize is a grocery bag. The capacity for the event is 30 students.

Kurtz yielded to Thai.

Thai, how many reservations have been made by off-campus parties?

Stava, there has been the same amount of reservations made by off-campus and on campus parties. There has been 135 off campus parties.

Kurtz, can the video game tournaments be moved to the theater?

Allen, moving locations would result to licensing issues due to the increase of audience. Changing the location will result to an increase in licensing fees.

Kurtz yielded to Thai.

Thai, how do you maintain a low cost for bowling? Do you see it increasing?

Stava, bowling is not a major revenue source. The goal would be to attract more students to bowl since there is plenty of downtime. Stava clarified that off campus prices would increase first before increasing the price on students.

Stava stated that video games are rented out per minute.

Discussion ensued.

Kurtz thanked Stava for her time.

Refer to the attached presentation for additional information.

**UNFINISHED BUSINESS**

a. Discussion: TSU & SRC Fee Assessment

Kurtz yielded to Jeff Fehrn, Associate Director, Titan Student Union.

Fehrn highlighted on the following TSU Fee Assessment:
• The idea would be not charging students a fee for room reservations.
• For departments/on-campus groups, the goal would be to recover, as close as possible, the actual cost for TSC to host the event.
• Students and staff who wish to use the space for personal use are priced to fall in between an on-campus event and events sponsored by off-campus groups.
• Off-campus groups pay a higher room rate.
• The cost was increased in 2017.

Fehrn, below explains room rental fee analysis:
1. Regularly, titan recreation, UCC and TSU operations staff track and record the time spent on events.
2. Costs for lighting, heating/cooling, and cleaning rooms are determined based on budget planning.
3. Data is collected and samples are analyzed to determine our actual costs.

Kurtz yielded to Tapper to highlight on the SRC Fee Assessment.

Tapper highlighted on the following SRC Fee Assessment:
• An SRC member receive discounts.
• SRC memberships are only available to those who have affiliation with CSUF.
• Possibly offering off campus student memberships during the summer.
• Tapper clarified that all three courts cannot be reserved at once unless approval has been provided.
• The main sources of fees are memberships, instructional classes and personal training.

Kurtz yielded to Thai.

Thai, what is the difference between CSUF departments and SRC member?

Tapper, a CSUF department would be the Human Resource office.

Kurtz, what is the most popular rental?

Tapper, the pool.

Tournaments

Tournament turnouts this semester have been low for Mario Kart, Texas Hold’ Em and Table Tennis.

New tournaments will be introduced in spring 2019, including NBA2K19 and Madden 2019. Foosball tournaments may be added as well.

Construction and facility issues

Minor construction issues have taken some of the bowling lanes and areas of the pub (often booked with TB&B events) out of service from time to time.

The bowling operating system is old and needs to be upgraded.

Recent rains led to leaks in the TV Lounge area.

Much of the furniture needs to be replaced.

Staffing

We are currently searching for a new Operations Supervisor- Titan Bowl & Billiards. The anticipated hire date is early-mid spring.

Douglas Robinson started November 6th in an interim capacity to help us out as we continue our search for the successful candidate.
Opportunities and Plans

Outreach
We will resume tabling at housing, at special events, and on the Titan Walk in the spring semester.

Special efforts will be made to market to off-campus clients, including local schools, sports leagues, churches, etc.

Packages and prices
If possible, we are hoping to put together simple pricing packages for our clients to use when booking our facility.

We are investigating the possibility of purchasing our own photo booth equipment or other similar offerings to include in the packages (very popular with off-campus grad parties, birthday parties, etc.)

Collaboration
TB&B would like to put together more programs in collaboration with the Student Recreation Center, the Children’s Center, student government, Housing and Residential Life, and ASIP.

We would like to work with ASIP or other students to train students as DJs and hire them for our reservation packages.
Revenue

- Fiscal year 17-18 ended with a revenue of approximately $111,479
  - Excludes student fees
  - Primary sources were special events, billiards, and bowling class fees

- Fiscal year 18-19 revenue is already slightly above the FY 17-18 amount in the same time period.
  - Slight price increases were approved mid-year last year
  - Marketing efforts will most likely be directed at off-campus reservations for the spring semester.

NOVEMBER 14, 2018
ROOM RENTAL FEES PHILOSOPHY

- CSUF registered student organizations have already “paid the cost” for TSC services through their student fees. No charge for room rental, direct costs are passed on to the group (building managers, for example). Events sponsored by the alumni association are also included in this category.

- For departments/on-campus groups, our goal is to recover, as close as possible, the actual total cost for the TSC to host the event. We use this category as the baseline for our rates.

- Students and staff who wish to use space for personal use and courses for extended education are priced to fall in between an on-campus event and events sponsored by off-campus groups.

- Off-campus groups: groups with no direct affiliation with the campus pay a higher room rate.

- Weddings, quinceaneras, and bar/bat mitzvahs are events that require special attention and more staff resources. They have a higher rate than regular off-campus events.

- Commercial filming category was adopted in 2003 to accommodate the cost of staff and resources that are devoted to these types of projects.
ROOM RENTAL FEE ANALYSIS

- Regularly, Titan Recreation, UCC and TSU operations staff track and record the time spent on events.

- Costs for lighting, heating/cooling, and cleaning rooms are determined based on budget planning.

- This data is collected and samples are analyzed to determine our actual costs.

OVERVIEW

- Total number of responses recorded are 216.

- We wanted to see two things:
  - How many students knew about our e-waste bins.
  - What programs students want to see.

- We have four programs that had 90+ students chose, with the 5th choice having ~70 votes.

- Overall we had a good number of surveys completed and learned a lot of information about what students want to see, and are more interested about.
